

Dear Montanan:

We entered this new millennium facing global, national, local and personal challenges, some of them are new and some are not, but we all need to prepare ourselves to face them. On a daily basis I deal with issues on the global, national, and sometimes local levels that will effect how you live your life in the 21st century. However, it is not often that I can help you on a personal level.

It is for this reason that I am cosponsoring my eighteenth women's conference, Montana Women 2000, on June 1, 2001, at the Best Western Colonial Inn in Helena, Montana. From understanding yourself to understanding others to understanding the dynamic workplace of the 21st century, this conference will provide you with the inspiration and information you need to succeed.

Speakers will offer workshop sessions on the topics listed inside. Our luncheon keynote speaker, Bonnie St. John Deane, is an athlete, author and motivator. She is an Olympic silver medalist in downhill skiing and the author of two books, *Succeeding Sane* and *Getting Ahead at Work Without Leaving Your Family Behind*. She was once named one of the five most inspirational women in the nation by NBC Nightly News. You won't want to miss hearing her!

Whatever your goals may be for today or in the future, this conference will give you the tools you need to reach them. Please take a moment to look over this brochure and make plans to attend this conference today. The support of the conference cosponsors listed on the front made it possible to keep this year's registration fee to just \$20.00. I believe you will find it money well spent.

If you would like additional details on the conference, you may contact my office by calling 1-800-344-1513 or my district office in Helena (449-5401). I hope you can attend this year's Montana Women 2000 conference!

Sincerely yours,

Dear Friend:

Plans are in the works to hold my eighteenth women's conference, Montana Women 2000, on June 1, 2001 at the Best Western Colonial Inn in Helena, Montana. I am writing to ask you to consider sending your colleagues and employees.

To thrive and survive amidst growing global competition, our companies must keep their employees well-informed and up to date on the latest trends and developments. Successful Montana businesses can not afford to fall behind in this race. The Montana Women 2000 conference offers your staff the opportunity to learn and discuss strategies that will give you the competitive edge and carry your company profitably into the 21st century.
